

MURALI KRISHNA KOLIPAKA

Senior Technical Writer | Information Architect (API Ecosystems & Workflow Automation)

📞 7893660748 ✉ muralikrishna0293@gmail.com 🌐 linkedin 📍 Hyderabad, India

PROFESSIONAL SUMMARY

Advanced Technical Documentation Specialist and Information Architect with an engineering background and 5+ years of experience delivering user-centric documentation for complex B2B SaaS and workload automation solutions. Expert in translating complex third-party integrations (SAP, Docker), cloud services, and Python-based SDK architectures into high-quality implementation guides, API references, and release notes across distinct user personas. Proven track record of collaborating with cross-functional Scrum teams in fast-paced Agile environments to scale documentation efficiency using Docs-as-Code frameworks, Swagger, and GenAI-assisted workflows.

WORK EXPERIENCE

Senior Technical Writer | Full-time

Google Operations Center

Oct 2024 - Present

On-site • Hyderabad

- Designed targeted user research and defined portfolio-level content strategies across 250+ country selectors, scaling global readability and data collection precision.
- Partnered with cross-functional stakeholders to analyze content metrics, leveraging strict attention to detail to secure a 99.64% Quality Score.
- Engineered 300+ technical documentation assets using HTML/CSS and governed through GitLab version control to streamline global publishing workflows.

Technologies / Skills Used : HTML, CSS, GitLab, Docs-as-Code, XML, Markdown, MadCap Flare

Technical Writer | Full-time

Randstad (Deputed to Accenture)

May 2023 - Sep 2024

Remote • Hyderabad

- Synthesized fragmented PRDs and source data through targeted interviews with Product Managers across 60+ core HTML/CSS articles, cutting support tickets by 46%.
- Architected multi-modal learning assets including 100+ videos, GIFs, and infographics across 60+ core product articles, simplifying complex technical features.
- Collaborated daily within Scrum environments to triage 25 bugs weekly, translating complex technical features into intuitive user-facing digital assets.
- Spearheaded team quality checks and publication audits, delivering a 33% improvement in deliverable compliance and alignment with global standards.
- Engineered a centralized documentation repository that increased content quality by 30% while optimizing internal cross-team information transparency.

Technologies / Skills Used : HTML, CSS, Brightspot, Adobe Premiere Pro, Adobe After Effects, Adobe Photoshop, SnagIT, Markdown

Technical Writer | Full-time

Cyient

Dec 2020 - Apr 2023

On-site • Hyderabad

- Directed the publishing lifecycle of 400+ legacy and revision manuals monthly in Teamcenter PLM, eliminating bottlenecks to secure on-time delivery.
- Engineered a content migration strategy consolidating scattered XML files into an R4i CSDB repository, cutting project turnaround times by 20%.
- Formulated single-sourcing architectures using DITA and Arbortext Editor for aerospace guides, securing a 98% quality compliance rating.

Technologies / Skills Used : XML, Arbortext Editor, XSLT, ASD-STE100, S1000D, iSpec 2200, DITA, R4i CSDB

PROJECTS

Cloud Workload Automation API Ecosystem

May 2026 - Present

API Documentation Writer

- Documented 40+ REST API endpoints and Python SDK guides through a Docs-as-Code pipeline, delivering complete workload automation reference sets within a 4-week sprint.
- Collaborated with engineers to document SAP webhooks and Docker integration endpoints using Swagger, cutting third-party pipeline configuration defects by 40%.
- Leveraged AI-driven prompting models to accelerate raw code parsing and schema parameter translation, ensuring 100% data integrity under strict sprint deadlines.

Technologies / Methodologies Used : REST APIs, Swagger, SAP Webhooks, Docker, OpenAPI Specification, Python Scripting, Agile/Scrum Sprints, GenAI-Assisted Workflows

Global Automated Bug Allocation Engine (Culvert) |

Dec 2025 - Present

Automation Lead & Cross-Functional Project Steward

- Engineered and managed "Culvert," a JavaScript/Apps Script automation engine establishing a bi-directional data sync between Google Sheets and Buganizer.
- Directed a 25+ member cross-cultural matrix team across the US and Manila to scale automated ecosystem deployments across global operational workflows.
- Eliminated manual triage bottlenecks to reclaim 2 hours daily per person for 60+ global writers, securing 100% pipeline operational continuity.

Technologies / Methodologies Used : JavaScript, Google Apps Script, Buganizer API, Workflow Automation, Cross-Cultural Leadership, Agile Methodology

PROJECTS

Legacy XML to Markdown Migration
Docs-as-Code Workflow Architect

- Engineered a content migration strategy transitioning 150+ legacy XML manuals into a modernized, cloud-native Docs-as-Code publishing pipeline.
- Established a git repository with automated Markdownlint and CSpell validation, eliminating 100% of formatting defects across 5,000+ pages.
- Accelerated update deployment speeds by 40%, saving 15+ hours weekly and reducing friction for 4 cross-functional teams.

Technologies / Methodologies Used : *Docs-as-Code, Markdown, Git, Markdownlint, CSpell, Structural Content Migration, XML, MadCap Flare*

Nov 2025 - Jan 2026

SKILLS

Programming Languages :	HTML, CSS, Markdown, XML, Python (Basics), JavaScript
Frameworks & Libraries :	DITA XML, Google Apps Script, Docs-as-Code, OpenAPI Specification, REST APIs
Tools & Platforms :	MadCap Flare, Arbortext Editor, Teamcenter PLM, Brightspot CMS, JIRA, SnagIT, Buganizer, Swagger, Git, Adobe After Effects, Adobe Premiere Pro, Adobe Photoshop
Soft Skills :	Cross-Functional Team Leadership, Extreme Attention to Detail, Stakeholder & SME Collaboration
Methodologies :	Information Architecture, Content Strategy, Single-Sourcing Methodologies, User-Focused Documentation, Agile Methodology, API Documentation, GenAI-Assisted Workflows, Software Release Communication
Domain Knowledge :	Cloud Workload Automation, SAP Webhook Integrations, Containerized Environments (Docker)

EDUCATION

Vasavi College of Engineering | Hyderabad
B.E. in Mechanical Engineering

Jul 2016 - Sep 2020
CGPA : 7.45
